REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record, whether considered individually or in combination fails to teach or suggest the recited limitations of claim 21, particularly when considering the amended limitations regarding the recited controller and combiner. As to the amended limitations regarding the recited controller, though the previously-cited references to Fish and Ahmad disclose utilizing infrared control signals, they do not teach or suggest the recited limitations that the recited infrared signals controlling the first and second decoders are sent by the controller.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
